Master Wind Waker Map

The Master Wind Waker Map is obtainable by purchasing the Wind Waker DLC or the Season Pass DLC for the game on the **3DS** version or by completing [The Armies of Ruin](#) on **NINTENDO SWITCH**. Much like the Master Quest Map, this is a "remix" of the Wind Waker Map, with harder battles but the same item cards and general mechanics. One new addition are Endless Night Rules, which are special conditions that must be met when playing the stage and cannot be disabled through Item Cards.

Endless Night Rule	Description
Speed Run!	Complete the battle within 20 minutes.
No Healing!	You cannot use potions, and no healing items will appear.
No Guarding!	Guarding will not protect you from enemy hits.
No Fairy Magic!	You cannot use Fairy Magic.
No Special Attacks!	Defeating enemies will not fill the Special Attack gauge, and no Force Fragments will appear.
No Focus Spirit!	Magic Jars will not appear, so you will be unable to fill your Magic gauge.
No Fairy Skills!	You will not be able to use Fairy Skills.

The Great Sea Rules from the Great Sea Map are back as well, and can still be removed by Item Cards.

Great Sea Rule	Description
Don't Get Hit!	Your warriors will fall in battle from a single hit! Avoid attacks and watch for enemy movements!
Double Damage!	Warriors will receive twice as much damage as normal!
No Attack Items!	Warriors won't be able to use bombs, the bow and arrows, the Hookshot, the boomerang, or the hammer.

As always, the difficulty increases as follows: Black (starting area) -> Green -> Yellow -> Purple -> Orange -> Blue -> Red.
